SUGGESTED REPLY

Dear

This is in reply to your letter of April 1, 1970 concerning the activities of the Central Intelligence Agency in Cambodia, Laos, and Thailand. There are no official publications on this subject. A Senate subcommittee has looked into the subject, but as yet there have been no published reports. I can only suggest that you rely on the press and other news media for your information.

I am enclosing three publications on the Central Intelligence Agency which will provide you with background information.
